Judge Name (print)	<i>Colin Wright</i>
Judge BJCP ID	<i>E1419</i>
Judge Email	<i>Use Avery label #5160</i>

BJCP Rank or Status:

- Apprentice Recognized Certified
- National Master Grand Master
- Honorary Master Honorary GM Mead Judge
- Provisional Judge Rank Pending

Non-BJCP Qualifications:

- Professional Brewer Beer Sommelier Non-BJCP
- Certified Cicerone Master Cicerone
- Sensory Training Other

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Category #13
Subcategory (a-f) 1
Entry # 131011

Subcategory: English IPA
Special Ingredients:
Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

9 /12
*Earthy Spicy hop aroma.
Some yeast esters present.*
Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 /3
*Golden in colour with excellent
clarity. Not poured at table but
has a small residual head.*
Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

14 /20
*Very light malt flavour, a little
bit Br. style. Earthy hop flavour
dominant. Slightly spicy finish.
Some alcohol warmth.
Slightly sweet finish.*
Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

4 /5
*Medium to Medium high body
Medium Carbonation
Slight astringency in the
Finish.*
Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

7 /10
*Overall quiet nice example
however, malt presence needs
to be a little higher to balance.
Hop flavours & bitterness
Some sweetness in the finish,
needs to finish a little dryer.*
Total
37 /50

SCORING GUIDE	Outstanding (45 - 50): World-class example of style.
	Excellent (38 - 44): Exemplifies style well, requires minor fine-tuning.
	Very Good (30 - 37): Generally within style parameters, some minor flaws.
	Good (21 - 29): Misses the mark on style and/or minor flaws.
	Fair (14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
	Problematic (00 - 13): Major off flavors and aromas dominate. Hard to drink.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

8 /12

mild to mod earthy, spice fruity.
hop aroma
rice malt aroma, though little english
no off aromas detected character.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

2 /3

clear light gold colour
poor head retention

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

15 /20

nice malt backbone hop flavor
are earthy spicy bitterness levels
mod - moderately high balanced
towards hop end. Finishes dry
no off flavours

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

3 /5

light bodied moderate carbonation
light astringency lingering in finish.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

7 /10

well made clear hoppy beer
well suited to this style.
would like to see an ale more
in support of the malt
backbone.. with English character.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*6 /12
Warm alcohol dominant. Slightly earthy/spicy hop aroma.
Hard to detect any malt aroma.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*1 /3
Deep golden to amber in colour with some orange highlights. Almost no head, not to style. Slight haze.*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*74 /20
Expected more malt complexity.
Nice earthy/spicy hop character.
High ester flavour in the finish.
Persistent bitterness.. but not balanced between malt/bitterness.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*2 /5
Medium/full body with medium carbonation. Some astringency in the finish. Nice warming alcohol.*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Not a bad attempt, however the flavor is mostly dominated by estery phenolic character. Also needs a bit more malt character. Check fermentation.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

7 /12

Some earthy spicy hop aroma.
Slight metallic / Buttery aroma present. Some sweet malt
Some vegetal

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

2 /3

Light copper to amber in colour.
Paired with a nice off white head
Good clarity. Very large carbonation bubbles
Head fell away fairly quickly.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

12 /20

Sweet malt with balanced
Ferthy / spicy hop bitterness. However
Flavour is dominated by slightly
metallic / vegetal character that
lasts into the finish.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

2 /5

Medium body with a nice
alcohol warmth. Very astringent
in the finish.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

4 /10

Malt & Hop bitterness / Flavour seems
to be balanced but has an
unpleasant finish.
Check yeast health & fermentation

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftershave; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Category #13

Subcategory (a-f) 1

Entry # 131507

Subcategory: English IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Some earthy hop aroma, however there is an unpleasant sulfur/musty aroma that dominates.

5 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep golden to light amber in colour. Very little head. Slightly hazy.

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftershave, and other flavor characteristics

Nice sweet malt with an earthy/spicy hop presence. Needs a firmer bitterness to balance

14 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium-low carbonation with a nice warming alcohol to finish. No astringency.

5 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Aroma could lets this beer down a little. Flavour is good but needs a firmer bitterness to balance. Consider changing the yeast to improve aroma & adjust bitterness to balanced.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Nice citrus hop aroma up front
with a good supporting malt profile.

7 /12

Unfortunately not to EIPA Style, should be in
the AIPA Category.

2 /3

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep golden to light amber in colour.
Virtually no head or retention.

10 /20

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance/finish/aftertaste, and other flavor characteristics

Nice citrus hop flavor &
good supporting bitterness.
Nicely balanced.

10 /20

Not an EIPA.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body with medium
carbonation. Nice alcohol warmth
in the finish.
No astringency.

5 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

If entered in the right class
would have been a 40+ point beer.

5 /10

Nice AIPA, but have to judge
as entered.
Not to style.

29 /50

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Some citrus / earthy hop aroma
with some supporting malt
sweetness. Hop presence should be
more dominate.

8 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep golden to light amber in colour
Good clarity.
Virtually no head or reboil.

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Nice firm bitterness lasting into
the finish. Good hop flavor but
a little on the low side for style.
Needs a bit more malt complexity

14 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body. Carbonation too
low for style. Some alcohol
warmth.

3 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Nice flavor but let down slightly
in malt complexity & low aroma
Carbonation needs to be higher
for a crisp finish.

- Sensory Training Other _____

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

SCORING GUIDE

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Moderate phenolic aroma medium seems to dominate

2 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Copper colour medium hazy no head retain

2 /13

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Very flat on hop flavour possibly some piney flavour med hop & herbal flavour driven by phenolic off flavours

7 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

medium body, light to medium carb.

2 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

This beer unfortunately appears problematic series of flavours and flavours dominate suggest proper sanitation and yeast selection and fermentation control

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

6 /12

mild citrus piney hop aroma
clean malt aroma

no off aromas.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 /3

medi copper color clear beer
good head retain

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

14 /20

Nice malt backbone possibly l. thin
too sweet caramel note.
low citrus piney hop flavor
med bitterness though well balanced
no obvious flaws.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

4 /5

smooth med-light bodied.
med carbonation
no hop astringency

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

6 /10

Well made beer although seems
to lean towards the malty
bitterness of the beer
need to increase hop aroma &
flavor and reduce
hop bitterness.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Pleasant citrus/pine hop aroma,
could be a little more prominent.
Supporting malt sweetness
No esters.*

9 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Light Amber/copper in colour.
Small off white head that fell away
quickly. good clarity.*

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Nice malt profile with supporting
bitterness. Good hop flavor but
needs to be a little more dominating.
Slight mustyness (old hops?)
Finished a little too sweet for style.*

14 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*Medium body & carbonation
Some warming alcohol.
No astringency.*

4 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Good beer. needs a bit more
hop presence. Musty... old hops
use new!*

7 /10

Slightly under attenuated.

36 /50

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

91 /12

Some citrus/pine in the aroma
but also has an earthy aroma that
is not to style. Some sulfur detected.
Some malt sweetness.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 /3

Deep golden to light amber in colour.
Good clarity. Small off-white head
that persisted

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

13 /20

Mostly earthy in the hop flavour
with a lasting hop bitterness in the
finish. Finish's very dry
Bitterness is slightly astringent.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

3 /5

Medium body & carbonation
lasting astringency with
an acidic warmth.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

6 /10

Malt & hop balance is quite
good but needs more American
hop presence. Consider changing
hop selection to improve.

Total

34 /50

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

Use Avery label # 5160

BJCP Rank or Status:

- Apprentice Recognized Certified
- National Master Grand Master
- Honorary Master Honorary GM Mead Judge
- Provisional Judge Rank Pending

Non-BJCP Qualifications:

- Professional Brewer Beer Sommelier Non-BJCP
- Certified Cicerone Master Cicerone
- Sensory Training Other _____

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Ester – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Category #13

Subcategory (a-f) 2

Entry # 132008

Subcategory: American IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

subtle earthy spicey note
some fruity ester detect
subtle coriander notes
no off aroma

5 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

med copper, clear, no head
retention

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

med malt flavour low hop
flavour more on earthy spicy
side.
red hawes of bitterness

13 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

light body, med low - med carb.

2 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Although no off flavours or aromas
comes off the style on hop more
& flower perhaps more
cited to the English IPA style.
look at hop selection and rates

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Lacking in American hop aroma
Slightly grassy & spicy aroma.*

5 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Amber to light copper in colour.
Small off white head that did not persist. Fairly good clarity.*

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Very low bitterness & hop flavor for style.
No astringency - unbalanced.
Some spicy phenolics detected.*

11 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*Medium body & carbonation.
Some alcohol warmth.*

4 /15

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Needs more hop presence.
Malt bill seems good but let down by hop profile.
Check yeast health/pitch rate.*

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*sweet lolly like aroma
very subtle citrus aroma
light alcohol notes detected
no off aromas*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Appropriate to style

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*sweet malt backbone backed up
by bitter bitters though appears
to lack those typical American hop
flavors
finishes dry over sweet.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*med light body, med-med high
carb
no astringency*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Although no off flavors and aromas
it appears to have a good solid
malt bone. lacking some of the
American hop character.*

*look at hopping amount times schedule
and also age off beer at time of judging*

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Some citrus/pine in the aroma
To low for style. Some spiciness.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Light copper to amber in colour.
Nice off white head that persisted.
Fairly good clarity.*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Flavor not consistent with style
Some musty / metallic aftertaste
in the finish.
Slightly sulfuric.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*Medium body & carbonation
Some alcohol warmth.*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Whilst the base beer seems good, greatly let down by lack of hop presence & fermentation issues.
Change hops to more American styles & check yeast health & ferm temps.*

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

nicie citrus floral hop aroma
clean malty sweetness possibly little
light off aromas.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

med - dark reddish color
clear
low head retention

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

medium high hop flavor citrus
moderate malt backbone high caramel
notes
medium - high high bitterness
finishes little sweet.
no off flavors

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

smooth med - med high body
mod carbonation
no astringency

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Nice well made beer, possibly too
sweet for style.
Consider malty fruit profile.
less crystal &
possibly under attenuated.
check pitching rates, ferment temp.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

7 /12

Faint American hop aroma, slightly
grassy. Some malt sweetness with
a hint of caramel

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

2 /3

Deep copper in colour (outside style)
Small off white head. Fairly good
clarity - some haze

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftershave, and other flavor characteristics

12 /20

Caramel - Burnt toffee malt flavor
dominates Missing a notable
citrus (lime) Fruity hop presence that
is called for in the style.
Finishes dry with a nice lingering bitterness.

5 /5

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium - Medium high body
Medium carbonation
No Astringency

6 /10

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Quite a nice drinkable beer
but not to AIPA style
Over use of caramel malt adds to
much flavor/sweetness
Reduce caramel malt & use more
American flavor hops to improve.

- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Category #13

Subcategory (a-f) 2

Entry # 132012

Subcategory: American IPA
Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Lacking in American hop aroma
Some caramel malt & fruit esters

6 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep copper in colour. Small off white head that fell away quickly
Good clarity.

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Sweet malt flavor with a dominant caramel malt coming through
Finishes to sweet for style.
Nice lingering bitterness but lacking hop flavour that is needed for style.

12 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium - high body
Medium carbonation
No astringency

3 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Needs more hop character
a little flat. High use of
caramel malt adds to much
sweetness & aroma to this beer

6 /10

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*High malt sweetness
Low levels of citrus floral hop
aromas.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Dark copper reddish hues
clear low head
retention.*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*malty malt sweetness
backed by mid high bitterness
hop flavors lacking though
seem appropriate
finishes off the sweet.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*med to med high body, med
carbonation
no astringency*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Smooth balanced beer, tends towards
the malty side.*

*Consider malt just a tad cloying.
look at ferment temps yeast health
& pitch rate.*

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

10 /12
Nice citrus/pine aroma with some supporting malt sweetness.
Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 . /3
Deep golden to light copper in colour
Nice off white head. Fairly good clarity - some haze.
Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

17 /20
Good hop flavour up front (citrus & slightly floral) Nice balance between malt & bitterness.
Finish is dry with a lasting bitter finish!
Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

5 . /5
Medium body & carbonation
Some good alcoholic warmth.
No astringency.
Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

8 . /10
Well made example. Only thing I can pick is the initial carbon was a bit low but still within style. Well done!

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Moderate malt aroma. Some caramel
sweetness.
light piney, resinous aroma.
no old tannins.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Deep copper color. hazy
low head retention*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Clear malt backbone with caramel
sweetness. high level bitterness
medium piney hop citrus flavor
grainy. dry.
slight phenolics detected*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*med body, med carb
and astringency.*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*There are some off flavours.
malt front appears to be driven
towards caramel crystal
Want to increase hop flavours
& aromas look at sanitation
rates & schedules.
look at ferment temps & sanitation*

Subcategory: American IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

5 / 12

*Lacking in complex hop aroma.
Mostly dominated by sweet
malt & yeast esters. Some
sulfur.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

2 / 3

*Deep copper in colour. Small
off white head that persisted.
Fairly clear with some haze.*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

18 / 20

*Some nice malt character however
no outward hop presence.
Flavor is dominated by an
estery phenolic character that
is unpleasant.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

3 / 5

*Medium full body with
medium carbonation.
Some alcoholie warmth.
Astringency.*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

4 / 10

*To dark for style & lacking
hop presence that is needed
for style. Some obvious fermentaion
issues here. Drop the level of
crystal malt, up the American hops &
check yeast health.*

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Category #13

Subcategory (a-f) 2

Entry # 132504

Subcategory: American IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Some citrus/pine in the aroma.
Low for style. Some spiciness.
Background malt sweetness.

8. /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Golden in color with a nice off-white
head that was persistent.
Good clarity.

3. /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Nice citrus/pine hop flavor
up front. Balance is more towards
the bitter side. Lingering bitterness
is a little sharp.

15. /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body & carbonation.
Nice warmth in the finish.
Some hop astringency.

3. /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Overall quite a good beer with
only a few minor issues.
Hop aroma flavor could be a
little more pronounced. Some sharp
bitterness in the finish.

7. /10

Total

36 /50

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*high levels of green apples
predominate*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*mat backbone seems appropriate to style
med firm thickness
hop flavor low..
dishes dry*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*light - med light body &
med carbonation.*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Appears the malt backbone is proper
appropriate the hop profile
that gaps need to be
adjusted
Acetaldehyde way too high -
needs to clean up somewhat
poor finishing taste*

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Aroma dominated by green apple - Acetaldehyde.

3 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep gold in color. nice off white head that persists. Fairly good clarity.

3 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Fairly good malt flavour but very sweet & under attenuated

4 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body & carbonation.

3 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*This beer could have been great, however it has not left long enough to ferment out & clean up.
Check fermentation & gravity while fermenting.*

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Fine Citrus hop aroma - a little low for style but pleasant.
Some supporting malt sweetness.

7 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Golden in color with a small off white head that persisted.
Fairly good clarity.

3 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Nice up front hop flavor (Pine citrus, fruit). Clean malt flavor supports finishes fairly dry (bit sweet).
Nice bitter finish.

16 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body & carbonation.
Some alcohol warmth.

4 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Just a bit sweet for style but overall a well crafted beer.
Could do with more hop aroma.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*mod resinous aroma some citrus.
light malt aroma.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

copper, clear, low head retention

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*med - high hop bitterness
hop flavor citrus piney resinous.
finishes dry.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*med body & carbonation
mild astringency*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Well made IPA though could improve
with more hop aroma & flavor.
look at hopping rates, timing
schedules etc.
slight astringency detected.*

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

nice clean, oily, resinous citrus aromas initially but subsides. subtle grassy notes detected no off aromas

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

light copper in colour light haze good head retention

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

clean malty sweetness mild caramel notes hop flavour citrus piney resinous, slightly floral good finish high bitterness finishing dry

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

smooth, medium light body, medium - medium carbonation, no astringency

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

This beer to be a well made example of the style. not a lot to comment on perhaps more hop aroma.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Spicy hop aroma with a distinct
garlic note. Citrus Pine on warming.
Background sweet malt detected.
No off aromas/esters.*

9 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Golden in colour with a nice white
head. Good head retention.
Fairly good clarity - some haze.*

3 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Medium-High hop presence with
notes of Pine/Citrus. Delicate earthy
tones. Bitterness is Medium to High.
Supporting malt is balanced & fairly
well to bitterness. Clean.*

17 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*Medium body & Carbonation.
Nice astringent warmth in the finish.*

4 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Overall a very nice IPA.
Nice rim bitterness & hop presence
with a clean finish.*

9 /10

Well done!

SCORING GUIDE	Outstanding (45 - 50): World-class example of style.
	Excellent (38 - 44): Exemplifies style well, requires minor fine-tuning.
	Very Good (30 - 37): Generally within style parameters, some minor flaws.
	Good (21 - 29): Misses the mark on style and/or minor flaws.
	Fair (14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
	Problematic (00 - 13): Major off flavors and aromas dominate. Hard to drink.

BJCP Rank or Status:

- Apprentice Recognized Certified
- National Master Grand Master
- Honorary Master Honorary GM Mead Judge
- Provisional Judge Rank Pending

Non-BJCP Qualifications:

- Professional Brewer Beer Sommelier Non-BJCP
- Certified Cicerone Master Cicerone
- Sensory Training Other _____

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftershave; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

SCORING GUIDE

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

Category #13

Subcategory (a-f) 2

Entry # 132511

Subcategory: American IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Dominant Pine/citrus orange up front.
Increased on warming - Niel.
Some malty sweetness supporting.
No detectable off aromas.

8 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep golden to amber in colour.
Nice off white head that persisted.
Poor clarity/hazy but within style.

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftershave, and other flavor characteristics

Nice hop flavours lasting through to the finish. (Pine/citrus)? Soft after finish. Slightly sweet in the finish - just a touch out of balance but very close. Clean finish but needs to be a bit crispier for style.

16 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium body - good carbonation.
No astringency
Some astringency

4 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Nice example, just let down slightly in the finish.
Needs to finish dryer & slightly more bitter to improve.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

med. citrus piney hop aroma

mild malt orange some caramel notes

no off aroma

1 / 12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

med. copper colour slight haze

good retention

3 / 3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

good malt backbone somewhat well balanced
med-high bitterness finished dry
hop flavour medium reflect aroma
citrus piney

14 / 20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

med body & carbonation

slight astringency detected

3 / 5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Appears to be the style. Could improve with more hop aroma & flavour. Look at use of hops hopping times, amounts & schedule

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Pine/Citrus & slightly resinous hop aroma 8 /12

Some bitterness coming through on warming.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Deep golden to copper in colour 2 /3

Solid white head that falls away quickly. Fairly clear with some haze.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Nice Pine/citrus hop flavour up front. Sweet in the finish with some lingering bitterness. 13 /20

Nice Pine/citrus hop flavour up front. Sweet in the finish with some lingering bitterness.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium full body - Medium Carbonation 4 /15

Alcohol's warmth in the finish.. No Astringency.

Overall Impression

Comment on overall drinking pleasure associated with entry; give suggestions for improvement

Nice Malt/Hop balance 6 /10

but too sweet in the finish & needs a more crisp finishing bitterness. Maybe milder attenuated?

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*nice clean citrus piney hop aroma.
clean malt aroma - not sweet.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

*Copper colour, brilliant clarity
good head retention*

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*nice clean flavours! hops reflect aroma
though maybe little light on.
firm hop bitterness finishes dry*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

*light bodied, moderate carbonation
no astringency*

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

*Well made APA, good hop & malt & yeast selection.
Hop flavours and aroma seem to dissipate quickly.
Body a little thin, consider adding more
dry Hops for body may be higher mash temp
(64 - 66 °)*

- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Light golden in colour. Poured with a nice off-white head that fell away quickly. Good clarity - some haze.

2 / 3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

Fairly good citrus/pine hop flavor but musty notes follows through into flavor. Sweet finish. Missing the crisp dry finish required for style. Some lingering bitterness, but needs more.

12 / 20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium-light body - medium carbonation. Nice alcohol warmth. No astringency.

4 / 5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Not a bad attempt but let down by either hop selection or hop age. Also, style needs a crisp/dry finish which is missing. Sweetness could be more balanced by increasing early hops or increasing attenuation!

BEER SCORESHEET

<http://www.bjcp.org>

AHA/BJCP Sanctioned Competition Program

<http://www.homebrewersassociation.org>

Judge Name (print) Colin Wright
 Judge BJCP ID E1419
 Judge Email _____
Use Avery label # 5160

BJCP Rank or Status:

- Apprentice Recognized Certified
- National Master Grand Master
- Honorary Master Honorary GM Mead Judge
- Provisional Judge Rank Pending

Non-BJCP Qualifications:

- Professional Brewer Beer Sommelier Non-BJCP
- Certified Cicerone Master Cicerone
- Sensory Training Other _____

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coin-y, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

SCORING GUIDE

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

Category #13

Subcategory (a-f) 3

Entry # 133002

Subcategory: Imperial IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

*Strong citrus/pine aroma. Nice.
No off aromas detected.
Faint malt sweetness in the background.*

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Light copper in colour. Small off white head. Fairly good clarity.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

*Some citrus/pine hop flavor up front
Tasted a little flat nothing really standing out. Bitterness in the finish should be stronger just as dry as needed for style.*

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Medium/Light body with fairly low carbonation. Missing the crisp carbonic bite to balanced and give the impression of dryness.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Not a bad attempt but let down in the finish and balancing bitterness.

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

pinous hop aroma,
mild malt aroma.

some mild alcohol notes

7 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

copper colour, clear,
low head retention

2 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

solid firm hop bitterness finishes little harsh
dry, hop flavor somewhat flat
though present reflecting hop aroma relatively
low malt flavours

14 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

med-light body moderate carbonation
some harsh notes detected.

3 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

good attempt at style very minor
flaws harshness detracts from the
drinkability of this beer

Special Ingredients:
Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

7 /12

Medium pine/citrus hop aroma, -
expected to stand out more.
Some sweet - candy like aroma.
Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3. /3

Light copper in colour. Paired with
a small off white head that thinned
large carbonation bubbles. Sweet
flavor is nice, but expected
more intensity. Finishing bitterness
is there, but needs more balance.
Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

15 /20

Hop flavor is nice, but expected
more intensity. Finishing bitterness
is there, but needs more balance.
Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

4 /5

Medium body.
Medium carbonation.
No Astringency.
Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

7 /10

Just missing the crackling crisp
finish & bitterness required for
style.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

7 / 12

rice clear earthy citrus aroma
clean malt sweetness.
hop aroma doesn't linger.
no off aroma.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 / 13

light copper, brilliant clarity
good head retention

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

15 / 20

rice clean high firm hop bitterness balance
dry hop flavors somewhat complex
raspberry earthy citrus piney notes
mild malty sweetness
no off flavors

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

4 / 5

med light body moderate carbonation
crisp dry beer.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

8 / 10

This is a well made IPA, good job!
Not a lot to add but to
perhaps increase bitterness

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

7 /12

Some citrus/pine in the aroma - not as predominant as required for style
Slightly musty
Some sweet initial/caramel notes.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

2 /3

Deep copper in color. Small white head that fell away quickly.
Good clarity.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

11 /20

Some hop character, but too bitter for style. Not a residual sweetness and unbalanced to bitterness in the finish.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

2 . 5

Medium/Light body
low carbonation.

Some astringency in the finish.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

4 . 10

Needs stronger bitterness and more late hop presence for style.
Pain amount of hop astringency

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

low - moderate hop aroma, floral, earthy, caramel to bee notes, slight phenolics noted.

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

Dark reddish copper, clear, low head retention.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

high - med high bitterness, malt crescend somewhat sweet, hop flavor lacking, some smoky phenolics detected.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

med. body & carbonation, some mild harshness noted.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Good overall attempt, requires some tuning, reduce crystal malts, increase hop bitterness, flavor & aroma, very subtle phenolics noted (look) at pitching rates this is a big beer.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

Prominent citrus piney hop aroma.
clear malt sweetness
no off aromas

7 /12

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

light amber slight haze
good head retention

3 /3

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

good high hop flavours reflecting that
of the aroma, red high - high
level bitterness finishes little sweet.
nice clear malt flavours.

14 /20

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

Smooth med body mod. carbonation
low hop harshness noted.

2 /5

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

Appears to be a very well made
beer though lacks
hop intensity for bitterness
finishes little sweet.

SCORING GUIDE

Outstanding	(45 - 50): World-class example of style.
Excellent	(38 - 44): Exemplifies style well, requires minor fine-tuning.
Very Good	(30 - 37): Generally within style parameters, some minor flaws.
Good	(21 - 29): Misses the mark on style and/or minor flaws.
Fair	(14 - 20): Off flavors/aromas or major style deficiencies. Unpleasant.
Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

AHA/BJCP Sanctioned Competition Program

<http://www.homebrewersassociation.org>

Judge Name (print) Colin Wright.
 Judge BJCP ID E1419.
 Judge Email _____
Use Avery label #5160

BJCP Rank or Status:

- Apprentice Recognized Certified
- National Master Grand Master
- Honorary Master Honorary GM Mead Judge
- Provisional Judge Rank Pending

Non-BJCP Qualifications:

- Professional Brewer Beer Sommelier Non-BJCP
- Certified Cicerone Master Cicerone
- Sensory Training Other _____

Descriptor Definitions (Mark all that apply):

- Acetaldehyde – Green apple-like aroma and flavor.
- Alcoholic – The aroma, flavor, and warming effect of ethanol and higher alcohols. Sometimes described as *hot*.
- Astringent – Puckering, lingering harshness and/or dryness in the finish/aftertaste; harsh graininess; huskiness.
- Diacetyl – Artificial butter, butterscotch, or toffee aroma and flavor. Sometimes perceived as a slickness on the tongue.
- DMS (dimethyl sulfide) – At low levels a sweet, cooked or canned corn-like aroma and flavor.
- Estery – Aroma and/or flavor of any ester (fruits, fruit flavorings, or roses).
- Grassy – Aroma/flavor of fresh-cut grass or green leaves.
- Light-Struck – Similar to the aroma of a skunk.
- Metallic – Tinny, coiny, copper, iron, or blood-like flavor.
- Musty – Stale, musty, or moldy aromas/flavors.
- Oxidized – Any one or combination of stale, winy/vinous, cardboard, papery, or sherry-like aromas and flavors.
- Phenolic – Spicy (clove, pepper), smoky, plastic, plastic adhesive strip, and/or medicinal (chlorophenolic).
- Solvent – Aromas and flavors of higher alcohols (fusel alcohols). Similar to acetone or lacquer thinner aromas.
- Sour/Acidic – Tartness in aroma and flavor. Can be sharp and clean (lactic acid), or vinegar-like (acetic acid).
- Sulfur – The aroma of rotten eggs or burning matches.
- Vegetal – Cooked, canned, or rotten vegetable aroma and flavor (cabbage, onion, celery, asparagus, etc.)
- Yeasty – A bready, sulfury or yeast-like aroma or flavor.

SCORING GUIDE

Problematic	(00 - 13): Major off flavors and aromas dominate. Hard to drink.

Category #13

Subcategory (a-f) 3

Entry # 133505

Subcategory: Imperial IPA

Special Ingredients:

Bottle Inspection: Appropriate size, cap, fill level, label removal, etc.

Comments _____

Aroma (as appropriate for style)

Comment on malt, hops, esters, and other aromatics

10 /12

Nice strong citrus hop aroma.
 Hard to pick anything else!

Appearance (as appropriate for style)

Comment on color, clarity, and head (retention, color, and texture)

3 /3

Light golden in colour. Small
 off white head that persisted.
 Fairly clear - some haze.

Flavor (as appropriate for style)

Comment on malt, hops, fermentation characteristics, balance, finish/aftertaste, and other flavor characteristics

12 /20

Nice strong hop flavour up
 front. Missing the strong, lingering
 bitterness to balance.
 Good - clean finish.

Mouthfeel (as appropriate for style)

Comment on body, carbonation, warmth, creaminess, astringency, and other palate sensations

5 /5

Medium body & carbonation.
 Some alcohol warmth.
 No astringency.

Overall Impression

Comment on overall drinking pleasure associated with entry, give suggestions for improvement

7 /10

Great beer, just one major
 issue. Missing the crisp bitter
 finish need for the style.
